

Name _____ Date _____ Hour _____

Use a number line and write an addition/subtraction expression to describe each situation. Then find the answer and explain its meaning.

1. A team soccer team gains 30 yards. Then they lose 7 yards.
2. A hot air balloon rises 270 feet into the air. Then it descends 130 feet.
3. Your checking account is overdrawn by \$50. You write a check for \$20.

Write an expression and create a real-life situation for the following number line.
