

Grade 7 Unit 1 – Ratios and Proportionality

7.RP.2

Student Name: _____

Date: _____

Assessment: Unit 1 Formative Assessment

Data:

Student's overall score on assessment: _____	Assessment will be retaken. Yes No
--	---------------------------------------

Feedback: Correct questions are circled. Missed questions are left blank.

Compute unit rates represented with complex fractions	2	3	4	5	6
Recognize proportional relationships in equations	7				
Recognize proportional relationships in a table	1				
Recognize proportional relationships in a graph	10				
Represent proportional relationships	9				
Identify a unit rate	2				
Use equations to show proportional relationships	11				
Interpret proportional relationships in a table	1				
Interpret proportional relationships in a diagram	8				

Strategy:

I did very well on

I need to go back and work on...
