Learning Standards Alignment Ratings

To view ratings, select the tab for Learning Standards Alignment Ratings:

• Shows a rating bar representing low (left) to high (right) ratings that shows only if ratings have been added.

• Select the + adjacent to each rating to see the learning standard description.

• Hover over the rating bar to see the number of ratings and percentage indicating up to 100% as the highest rating.
Learning Standards Alignment Ratings

To add a rating, select the tab for Learning Standards Alignment Ratings:

- Login with an account identified with a role of instructor.
- The resource has to have been aligned to one or more standards.
  - Only standards that have been aligned show as available to be rated.
- Select the + adjacent to each standard to be rated for alignment.
- From the dropdown, select
  - This Resource’s alignment to this standard is:
    • Very Week
    • Limited
    • Strong
    • Superior
- Click “Rate.” Once rate is selected, the community information will show the rating.

Achieve OER Rubric

To view ratings, select the tab for Achieve Open Educational Resources Rubric Ratings and Common Core State Standards English Language Arts and Math Rubric Ratings (a Derivative of the Achieve EQuIP rubrics):

- Shows a rating bar representing low (left) to high (right) ratings that shows only if ratings have been added.
- Hover over the rating bar to see the number of ratings and percentage indicating up to 100% as the highest rating.
Achieve OER Rubric

To add a rating, select the tab for Achieve Open Educational Resources Rubric Ratings and Common Core State Standards English Language Arts and Math Rubric Ratings (a Derivative of the Achieve EQuIP rubrics):
